

# MISSION STATEMENT

**THE EXPORT-IMPORT BANK OF THE UNITED STATES (EX-IM BANK)** is the official export-credit agency of the United States. Ex-Im Bank supports the financing of U.S. goods and services in international markets, turning export opportunities into sales that help U.S. companies of all sizes to create and sustain jobs in the United States.

Ex-Im Bank – an independent, self-sustaining federal agency – assumes the credit and country risks that the private sector is unable or unwilling to accept. Ex-Im Bank helps U.S. exporters remain competitive by countering the export financing provided by foreign governments on behalf of foreign companies. More than 80 percent of Ex-Im Bank’s transactions in recent years have been made available for the direct benefit of U.S. small businesses.
